*Have you been moved by constant headlines of Domestic Violence?
Do you have a heart for those who live a life of fear? Do you want to help?*

Menai Anglican Church would like to invite you for a night of **SHINING A LIGHT**- raising awareness against domestic violence. The night will showcase a variety of speakers who are leaders in their fields of family protection.

- Lynda Dunstan:** Learn about the Sydney Anglican diocesan policy on domestic violence from the person responsible for its implementation
- Liza Barlow:** Be inspired with stories from the Team Leader who runs our local women's refuges
- Wendy Potts:** Hear about the God who gives us dignity in an encouraging presentation
- Liz McKay:** Gain practical parenting tips on how to cultivate respectable relationships in the home from a Social Worker employed by the Department of Family and Community Services

We will be making gift packs for the Women's Refuges that provide a safe space for those who need safety, security and comfort.
